

Daniel Grunfeld, Esq.

Results Beyond DisputeSM

Prior to joining Judicate West, Dan Grunfeld had a long, multi-faceted and acclaimed legal career. He has served as lead counsel representing both plaintiffs and defendants in nationally noted verdicts, led office and state-wide Litigation Departments for two national law firms, served as an office loss-prevention partner, and led the nation's largest public interest law firm. Yet, he considers his role as a Judicate West neutral and Director of Commercial Arbitration as the capstone of his career. The opportunity to serve others by crafting a path forward through difficult disputes, and finding common ground where none seems to exist, has defined Dan's career, and it is what he loves to do. As a veteran of countless disputes, and as an arbitrator, Dan keenly understands the importance of adjudicating matters that are often of fundamental importance to those involved to a conclusion that is legally sound, fair, and final. In all of his efforts, Dan offers a sharp intellect, doggedness, patience, sound judgment, creativity, carefully honed listening and people skills, and a unique perspective to the dynamics, challenges, and strategies faced by litigants on all sides of a dispute.
